Dear Resident:

As a resident of the Town of Florence, you are entitled to sanitation services. For your convenience, a garbage container has been delivered to your home. This container will be emptied twice a week. You are responsible for the rollout assigned to you. Lost or stolen rollouts will be replaced at your expense. If the container should become dirty and smells, it should be cleaned with soapy water and rinsed. Other chemicals should not be used, as they may damage the container.

In order to serve you better, we ask your cooperation in the following ways to assist us in your garbage pick-up:

- Do not stack garbage on top of or on the side of the container. Garbage stacked in such a manner will not be picked up.
- All wet garbage should be bagged securely before being placed in the container. Only household garbage should be placed in the container. Also, please bag any paper items.
- Items may be placed in the container at any time. Place the container next to the curb or street on _____ and _____ morning for pickups. Pickup routes start at 6:00 a.m. Containers placed out after the truck has passed will not be picked up that day. Any time during the day of pickup and after the pickup is made, please return the container to your yard.
- The area around the container shall be kept clear of obstructions during the pickup time. Obstructed containers will not be picked up.
- The lid of the container should be kept closed at all times so flies and other insects cannot have access to the contents.

If you have any questions, please call the Public Works Department at 520-868-7620.

Thank you,
The Sanitation Department
