

Town of Florence, Arizona

Fee Schedule

Effective Date: March 01, 2024

The Town of Florence has adopted the following Fee Schedule to provide clearly described value-added service to its residents and business partners. This new user fee schedule will assist in streamlining the Town's processes and thereby provide a more cost-effective way of meeting the public's needs for services.

The Fee Schedule contains in-depth descriptions of what is included with fees collected and is broken down into departments for ease of use as follows. Each section describes the fee structure and services included with those fees.

NOTE: The Town Council will review the User Fee Schedule on an annual basis and reserves the right to adjust fees based on the Consumer Price Index for Urban Communities (CPI-U). Additionally, the Council will undertake a user study as needed to reevaluate fees based on economic trends and the Town's financial status.

SECTION 0-GENERAL REQUIREMENTS

Section 0, General Requirements applies to Sections 2, 5 and 8 of this User Fee Schedule, unless otherwise specifically stated.

1. Abandoned Plans

- a. Any non-approved plan set not acknowledged within 90 days of the Town's first notification.
- b. Any approved plan set not permitted by the Town within one (1) year from the approval date.
- c. Plans deemed abandoned will be destroyed according to the State Records Retention Schedule.
- d. The applicant will be required to reinitiate the plan review process and pay all associated review fees.
- e. Abandoned plans refer to any document submitted to the Town for review and approval, (i.e., plans, reports, calculations, specifications, etc.).

2. Expired Plans

- a. Plans are deemed expired one (1) year after the Town sealing the plan set. If the plan set was permitted, then the plan expires after one (1) year unless there is a request to extend the permit
- b. Plans are deemed expired if no Town action has taken place in one (1) year. Expired plans are required to go through a comprehensive review of all sheets. Engineering plans expire 1 year after sealing the plan set. If the plan set was permitted, then the plan expires after (1) year unless there is a request to extend the permit.
- c. In order to resubmit plans, the design engineer or architect shall bring the plans into conformance with the Town's current codes, standards, and requirements.
- d. All expired plans being resubmitted are subject to first review fees.

3. Town Re-Approval of Plans

- a. The Town approval expires one (1) year from the approval date.
- b. Town reapproval can be requested if submitted prior to the expiration.
- c. The design will be reviewed against the current codes, standards, and requirements for compliance.
- d. There are no fees for reapproval unless compliance revision is required. The design engineer or architect shall bring the design into conformance with the Town's current codes, standards, and requirements. If updates are required because of updates to Town standards, then payment is per sheet.
- e. There are no limits to reapprovals per design, as long as standards don't change.

- f. All reapprovals requiring compliance revision shall be considered a revised design.
- g. Design refers to construction plans, reports, calculations, specifications etc.

4. Revised Plans

- a. Plans that have been approved, that require a design change and Town re-approval.
- b. Non-approved plan with a major design change.
- c. All revised plans will be subject to the Town's current fee schedule and shall require a comprehensive review.

5. Expired Permit

- a. Any permit that has not requested a required inspection within 180 days from the permit issuance date or the most recent inspection.
- b. Applicants may be required to resubmit plans for review and re-approval.
- c. All non-legitimate requested inspections are required to pay the re-inspection fee and the permit expiration date will not be extended.
- d. Pay all applicable fees.
- e. See individual sections for actual fees.

6. Permit Extension

- a. The Applicant can extend the permit expiration date when requested in writing before the permit expires.
- b. Permit Extension Fee is 10% of the original Permit Fee.
- c. Each extension is 180 days from the date of request.
- d. There are no limits on permit extensions as long as standards don't change.

7. Revised Permit

- a. Revised permits will be charged the permit revision fee of \$55.

8. Work Commenced Prior to Permit Issuance.

- a. The fee is one (1) time the amount of the original calculated permit fee (excludes plan review fees) and shall be in addition to the required permit fees.
- b. Applies to any and all work or construction requiring a Town permit.

9. Expedited Submittal Review

- a. Expedited fees are two (2) times the amount of the original calculated fee.

10. Unclassified or Unspecified Services

- a. The rate for any unclassified or unspecified fees shall be charged at User Fee hourly rate per fee Section. This includes, but is not limited to inspections, plan review, meetings, records investigation, etc. as determined by the Town.

11. Refunds

- a. All refund requests shall be made in writing within 180 days of payment date by the Permit Applicant stating the reason for the requested refund. All fees not refunded within 180 days will revert to the Town with no exceptions.
- b. Up to 80% of the original permit fee may be refunded if, no work has commenced, and no inspections have been conducted.
- c. No Planning, Building, Fire or Civil Engineering plan review fees will be refunded once Town review has commenced.

12. Legal Fees

- a. Legal Fees incurred by the Town are not included in the above schedule and are billed separately to the service user.

13. Inspections

SECTION 6. COMMUNITY SERVICES

Community Services fees are programming fees to cover the cost of services.

Town sponsored or affiliated events are exempt from fees.

Definition:

Affiliated: Activities and programs that are sponsored or co-sponsored by the Town of Florence. Events that are co-sponsored are conducted by an outside organization or outside individual and planned with and approved by the Town.

Adult: 18 years of age or older.

Commercial: Organization, institution, corporation, or other legal entity including but not limited to partnerships, sole proprietorships, and limited liability companies, that is organized or operated for the profit or benefit of its shareholders or other owners.

Non-Profit: Non-profit educational institutions, fraternal and service clubs, bona fide religious organizations, and agencies of any federal, state or local governments. Non-Profit private clubs where a basic membership fee covers the cost of the use of facilities. Non-Profits must provide of non-profit status

Resident: A person whose residence is in the Town limits and/or a Town licensed business located within the Town limits. A Resident may not book the facility on behalf of a non-resident in a way to avoid non-resident fees.

Senior: 55 or older.

Youth: Six Months to 17 years of age.

Refunds and Cancellations

Refunds:

Withdrawal Requests

- Withdrawal requests will only be considered at least five business days before the course start date, except for medical reasons (See Medical Transfer Request).
- Approved withdrawals will be refunded using one of the methods listed in the Course Refund Policy. Convenience charges paid online will not be reimbursed.
- Refunds will not be considered once classes have started, except for medical reasons (See Medical Withdrawal and Medical Transfer Request)

Transfer Requests

- Transfer requests will only be considered if received at least five business days before the course start date, except for medical reasons (See Medical Transfer Request).
- Requested transfer classes must have open availability.
- If the transfer course request is not available and the participant chooses to withdraw, the request is subject to the withdrawal policy.

Medical Withdrawal and Medical Transfer Request

- Written documentation from a physician's office must accompany the Withdrawal or Transfer request.
- The request must be received within 72 hours of the first missed class.
- Refunds will be prorated if the withdrawal is on or after the course start date. Convenience charges paid online will not be reimbursed.

Course Refund Policy

- Approved withdrawal participants will be refunded by one of the following:
 - Credit Card/Debit Card used to make the purchase
 - Check: All check refunds take approximately 6-7 weeks processing by the Town of Florence and are made out and mailed to the main contact of the account.
- Convenience charges paid online will not be reimbursed
- Refunds will not be considered once classes have started, except for medical reasons (See Medical Withdrawal and Medical Transfer Request)

Facility Reservation Cancellation Policies

- Cancellations due to unforeseen weather conditions that make it impossible to utilize our facilities will be offered a partial refund or the option to change the date/facility. These requests must be made within three business days with a member of the Florence Community Services staff.
- If the permittee chooses to cancel or move their reservation for any other reason, a request for a partial refund or change of date/facility must be made at least 10 business days prior to the facility rental date in order for the request to be granted. All partial refunds granted will be minus 20% or \$10 (whichever is greater).

Cost Recover goals for recreation activities are set as follows:

- a. High Range Cost Recovery Activities (60% to 100%)
 - i. Classes Adult and Youth
 - ii. Facility Rental
 - iii. Day care services
 - iv. Adult athletics (volleyball, basketball, softball, lap swim)

- b. Mid-Range Cost Recovery Activities (30% to 60%)
 - i. Special Events
 - ii. Youth Sports
 - iii. Baseball
 - iv. Swim Lessons
 - v. Outdoor facility and equipment rentals

For cost recovery activities of less than 100%, there should be a difference in rates between residents and non-residents. However, the Community Services Director is authorized to reduce or eliminate non-resident fee differentials when it can be demonstrated that:

- a) The fee is reducing attendance, and
- b) There are no appreciable expenditure savings from the reduced attendance.

Single Family: Attached and detached one-family dwelling units, modular and manufactured homes
 Multi-family: All attached dwelling units such as duplexes and condominiums, mobile homes, apartments and dormitories.

Commercial: All commercial, office, retail, institutional, and hotel/motel development.

Institutional: A governmental, quasi-public or institutions use, or a on-profit recreational use, not located in a shopping center.

Industrial: All manufacturing and warehouse development.

Arizona State Revised §9-500.18 Notwithstanding any other law, a city or town shall not assess or collect any fees or costs from a school district or charter school for fees pursuant to section 463.5. This prohibition does not include fees assessed or collected for streets and water and sewer utility functions.

SECTION 8: ENGINEERING PLAN REVIEW AND INSPECTIONS

When plans are approved, Mylar and Digital copies are required, at a cost to the applicant, for Town Engineer signature. Prior to signature by the Town, water and sewer plans required approval to Construct from the appropriate State of Arizona Agency.

When reports are approved, two (2) final sets are requested. The contractor for the project will need an approved set of plans to apply for inspection.

Second Review of Plans and Reports	\$ -
Subsequent Review of Reports ⁵	\$ 200.00

¹ Includes: plants, grading, paving, signage, striping, water, sewer, and drainage plans.

² Includes: water, sewer, and geotechnical reports.

³ When the right-of-way is greater than 50% of the property that is transferred back to the land outside of the proposed development. This applies to the residual right-of-way, which is no longer required, resulting from a development project not needed for ingress/egress. The fee applies to residential and commercial properties.

⁴ The cost of a commercial site plan is \$500 if the site is less than one acre. If the site is greater than or equal to one acre the cost is \$500, plus \$100 per acre.

⁵ Fee assessed for reviews conducted after a second review. Review continue until the plans and/or reports are approved.

SECTION 8: ENGINEERING PLAN REVIEW AND INSPECTIONS-CONTINUED

Notes: Civil Engineering Fees:

Civil Engineering Fees are divided into three categories. The three areas are public Utility fees, reviews and hearings, on-site and off-site engineering plan review, and on-site and off-site engineering inspection insurance. The three area are further defined as following:

Engineering Plan Review Fees:

Engineering plan review fees are based on the number of sheets submitted for review and approval. Each type of improvement plan (i.e., grading and drainage, public water, public sewer, and right-of-way improvements) is deemed as a sperate submittal. Sheet sizes are set by a standard scale requirement.

Abandonment of Right-of-Way Fees:

Abandonment fees are based on the staff work to review a proposal to abandon right-of-way for feasibility and preparation for public hearing, if applicable. The Abandonment Process includes both a formal and informal method of considering the feasibility of the removal of public right-of-way from Town justification.

Engineering Inspection Fees:

Engineering permit fee are based on quality of construction materials or the valuation of the project. Some examples of quantities of construction materials would include length of water pipe, sewer pipe, quantity of soil moved, and quantity of street construction.

SECTION 9: FIRE SAFETY

Fee Structure: All fire fees listed are flat fees unless otherwise indicated.

Services Included under User Fee Schedule

1. Associated clerical costs for processing and maintaining Town records and archiving, preparation of various correspondences, scheduling meetings, etc.
2. Expired permit fees are calculated as new permit fees.

General Notes

Fees include all required inspections throughout the life of the Floodplain Use Permit.

All Fees pertaining to these Floodplain Management Regulations shall be adopted by a Resolution.

CLOMR/LOMR (MT1) - Fee category to be applied for the technical review of a conditional letter of map revision (CLOMR) and/or letter of map revision (LOMR) submittal to the Federal Emergency Management Agency (FEMA). The fee is applied for projects that meet the technical criteria for MT-1 submittals to FEMA where the revisions requested are primarily due to modifications to the drainage characteristics as the result of fill being placed.

CLOMR/LOMR (MT2) - Fee category to be applied for the technical review of a CLOMR/LOMR submittal to FEMA. The fee is applied for projects that meet the technical criteria for MT-2 submittals to FEMA where the revisions requested are primarily due to complex modifications to the drainage characteristics that involve the alteration of drainage flows, patterns, rates, velocities, and other dynamic factors.

Floodplain Use Permit Fee Categories

Complexity 1 - Fee category to be applied for the review and issuance of residential Floodplain Use Permits for development that lacks structural or design complexity. Developments in the floodplain in this category are minor in their potential impact on the floodplain. There are no floodways on the parcel. (Examples: pools, patios, non-solid fences (i.e.: mesh, chain link, barb wire), driveways at natural grade, etc.)

Complexity 2 - Fee category to be applied for the review and issuance of a residential, commercial, or industrial Floodplain Use Permit that requires greater review. This includes development related to single-family residential, mobile/manufactured building, or commercial/industrial use, or any other development of the floodplain that, based on professional judgment, has the potential to result in a more significant impact

SECTION 10: FLOODPLAIN MANAGEMENT-CONTINUED

on the floodplain than Complexity. (Examples: single-family residential structures, manufactured homes, mobile homes, solid walls, retaining walls, at grade roads in floodway, accessory buildings, culverts, as-built structures, etc.)

Complexity 3 - Fee category to be applied for the review and issuance of residential, commercial, or industrial Floodplain Use Permit that requires more detailed review due to the level of complexity. This includes residential subdivisions, commercial/industrial malls or parks, or any other development that, based on professional judgment, has the potential to result in a more significant impact on the floodplain as compared to Complexity 1 and Complexity 2. (Examples: subdivisions, commercial business parks, strip malls, roadways, industrial utility projects, multi-family complexes, mobile/manufactured home parks, recreational vehicle parks, any obstruction or fill in the floodway, commercial solar energy production sites, etc.)

Clearance Review - Incidental - Fee category to be applied for the review and processing of an incidental use as approved by the Floodplain Administrator or his designee per signed policy. Development is to have very minimal ground disturbance. (Incidental uses include: awnings, benches, billboards, carports, corrals, demolitions, open rail fences without mesh including barb wire, fire pits, interior courtyard fences less than or equal to 50 lineal feet, light poles, non-substantial improvement additions (interior remodel/repair, vertical additions), patio covers, solar panels on roofs, portable pens and stalls, ramadas, shade structures [nonsolid sides], sheds/enclosures less than or equal to 120 square feet with no utilities, signs [i.e. free standing, building attachments], tenant improvement, wheelchair ramps, and wrought-iron pool barriers.)

Clearance Review - No Development Activity in Floodplain - Fee category to be applied for the review and processing of project improvements conducted within a property that contains a designated floodplain, where review by the Floodplain Administrator has determined that development in the floodplain will not occur.

Clearance Review - Perimeter Floodplain and Exemptions - Fee category to be applied for the review and processing of project improvements conducted within a property that contains a minimal amount of floodplain, generally on the perimeter of the property, that due to the location, amount, and distance from any proposed improvement, does not require review by the Floodplain Administrator to determine its impact on the floodplain. Review and determination of such activities is conducted on an administrative level by town staff.

SECTION 10: FLOODPLAIN MANAGEMENT-CONTINUED

Permit Amendment or Modification - Fee category to be applied for processing changes to an existing permit, where the reason for the request was initiated by the applicant and the permit fee has already been paid in full. Request may include administrative revisions to paperwork due to new ownership, additional development on property not part of original permit, in-construction changes such as increasing storage tank size or location above or below ground, etc. Modifications are permit changes to plans after the permit has been issued.

Post-Construction Permit Fee (associated with Floodplain Inquiry Case) - Additional fee to be applied for the processing and review of a Floodplain use Permit category (Complexity 1, 2, or 3) where the applicant has begun or completed construction prior to obtaining the required permit.

The fee shall be applied in addition to the standard permitting fee(s). Fee is applicable when there is an open Floodplain Inquiry on the property that has not progressed to the Floodplain Review Board.

Permit Application - Fee category to be applied for the initial processing and review of an application for sand and gravel mining activities occurring within a designated floodplain.

Noncompliance Engineering Review - Fee category to be applied for the engineering review of a facility as the result of an identified noncompliance issue.

Permit Renewal - Fee category to be applied for the review and processing of the renewal of an active permit with no changes to the previously approved Plan of Development. Permit renewals are required every five years of activity operation, in accordance with the provisions of the Floodplain Regulations.

Major Amendment - Fee category to be applied for the processing of a sand and gravel permit amendment that is considered to be relatively major in complexity and its potential impact on the floodplain. (Examples: expanding permitted pits, adding new engineered structures such as berms or grading controls, etc.)

SECTION 10: FLOODPLAIN MANAGEMENT-CONTINUED

Minor Amendment - Fee category to be applied for the processing of a sand and gravel permit amendment that is considered to be relatively minor in complexity and its potential to impact on the floodplain. (Examples: change in project phasing, relocation of access locations, changes in bermprotection riprap, etc.)

Administrative Amendment - Fee category to be applied for the processing of a sand and gravel permit amendment that is administrative in nature and that is not occurring as part of a major/minor amendment request. (Examples: change in ownership, name change, etc.)

Residential/Commercial/Industrial (posting required) - Fee category to be applied for the issuance of a variance by the Floodplain Review Board.

Continuance of Hearing - Applicants Request - Fee category to be applied in the event that an applicant initiates a request of continuance for a scheduled hearing.

New Posting Fee - Fee category to be applicable for the reposting of a notice of Variance.

Appeal Fee Category - Fee category to be applied when an applicant requests an interpretation from these Regulations, wants to appeal a denied permit application, or appeal a final decision of the Floodplain Administrator based on the results of an inspection.

FLOODPLAIN DELINEATION

Review of Floodplain Study - Fee category to be applied for the technical review and consideration of an independent third-party floodplain study. This fee may be applied when the district staff performs a review of a study conducted by an outside entity in support of a permit application or other regulatory requirement.
